

Want to get into IT?

Do you want to get started in IT but don't know how?

Do you need experience even before you can apply for an entry level position?

Do you know you want to work in IT but don't know where?

We can help!

We are looking for enthusiastic, hardworking people with exceptional customer service skills to support our clients.

We are a growing, Wellington-based IT company who needs junior engineers who have:

- A desire to learn
- Experience in customer service, for example, retail or contact centres
- A familiarity with technology
- Enthusiasm and a great work ethic

In return, we offer you:

- Practical IT experience
- Training
- Mentoring from very experienced IT professionals
- Exposure to all areas of IT
- The ability to focus on your areas of interest
- Introductions to IT professionals through-out Wellington
- Regular part time or full time work

If you are passionate, have a clean drivers license, the ability to work in NZ and a desire to learn then send a cover letter and CV to hr@resolvetechology.co.nz or call Martin on 0800-765-833 to discuss.

Resolve Technology is a trusted partner and advisor to New Zealand's leading and most respected professional service providers.

Our mission is to provide first-class customer service as demonstrated by our client's trust, faith and loyalty in us.
