

Want to get into Project Management or work part time?

Do you want to get started in project management but don't know how?

Or are you an experienced project manager or administrator and want to work part time?

We can help!

Background:

We are a growing, Wellington-based IT company who need more project managers for our client migration, internal projects and our product launches.

Our requirements:

- Be keen to start in project management or
- Be experienced in project management but want to work part time
- Be details focussed
- Be able to work with engineers
- Be able to work with non-IT savvy clients
- Be enthusiastic and a great work ethic

Benefits to you:

- Regular part time to full time hours
- A diverse client base
- Introductions to project managers throughout Wellington
- Mentoring from very experienced IT professionals
- A career path to a full-time project manager with supporting project administrators
- Training in the methodology of your choice

If you are passionate, have the ability to work in NZ and a desire to learn then send a CV and cover letter to hr@resolvetechology.co.nz or call Martin on 0800-765-833 to discuss.
